ARCHER AS (934361156)

Model: openai/gpt-oss-20b | 10/22/2026, 10:35:34 AM

Documented facts (sources)

Organisation number: 934361156 [brreg | 10/22/2026, 10:35:30 AM]

Company name: ARCHER AS [brreg | 10/22/2026, 10:35:30 AM]

Industry (NACE code): 09.101 Boretjenester tilknyttet utvinning av råolje og naturgass [brreg | 10/22/2026, 10:35:30 AM]

Organisation form: Aksjeselskap [brreg | 10/22/2026, 10:35:30 AM]

Registered place: SANDNES [brreg | 10/22/2026, 10:35:30 AM]

Registered website: archerwell.com [brreg | 10/22/2026, 10:35:30 AM]

Registered employees: 1235 [brreg | 10/22/2026, 10:35:30 AM]

AI assessment

Predictive Maintenance for Drilling Rigs
Deploy AI models that analyze real-time sensor data from drilling rigs to predict equipment failures before they occur, reducing downtime and maintenance costs.
Expected value: Qualitative improvement in uptime and cost savings through early fault detection.
Based on: brreg:nace, brreg:employees, brreg:website

AI-Driven Well Placement Optimization
Utilize machine learning to integrate geological, seismic, and production data, enabling more accurate well placement decisions and higher recovery rates.
Expected value: Enhanced well productivity and reduced exploration risk.
Based on: brreg:nace, brreg:place

Renewable Energy Service Planning
Apply AI to model and forecast renewable energy project performance, assisting in site selection, resource assessment, and integration into existing operations.
Expected value: Improved decision-making for renewable projects and alignment with net-zero objectives.
Based on: brreg:website
